

Remote — Local Project

Do You See It?

Elisa Bustos

February 24th

My Space

Life Magazine Covers Mural
University Center Library
7th Floor

My Space

It is an undervalued space.

It resembles history.

Shows the transition between black and white pictures into colored ones.

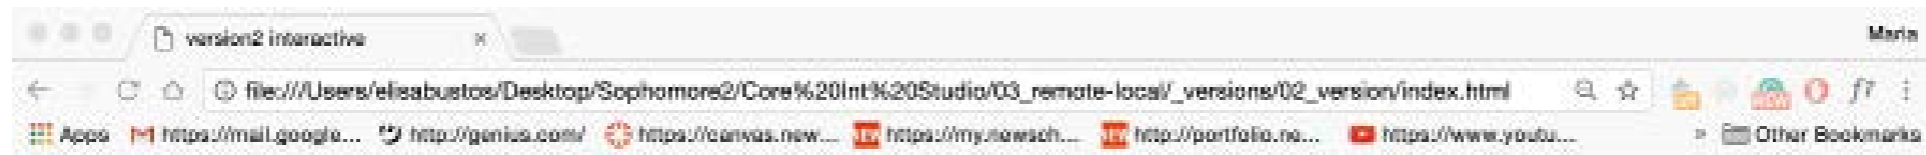

People don't seem to notice the mural.

My Concept

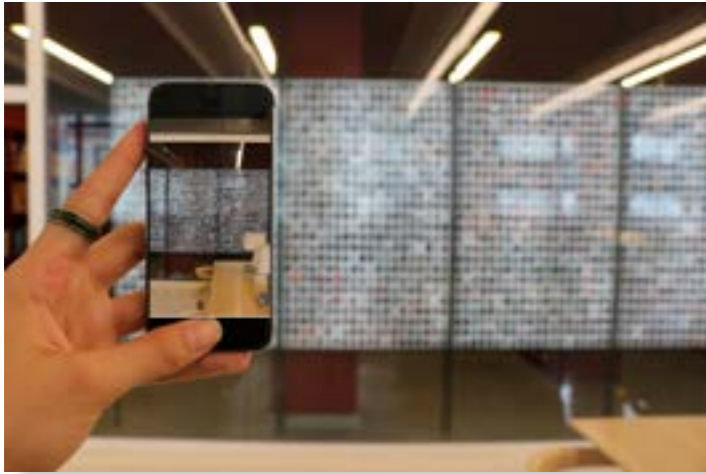

**“The realization of a new period through
visual keys and patterns”**

Documentation

Notice Anything Different?
