

CITY BAKERY

LOCATION

The City Bakery
3 W 18th St, New York,
NY 10011

I chose The City Bakery because it's got great food, style and it's an experience. Imagine walking into a circus or a fair but it's only food and awesome decor.

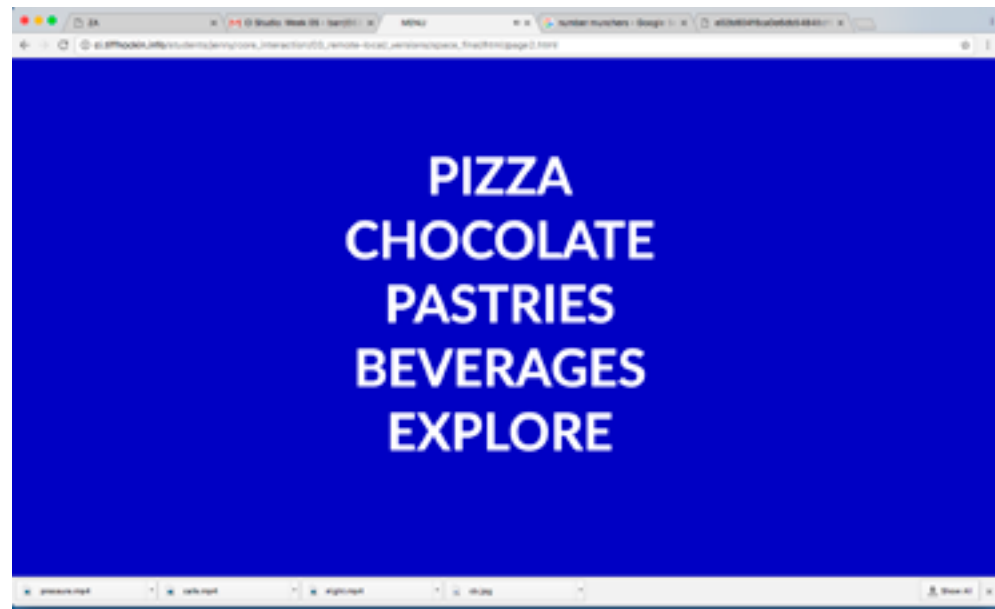

CONCEPT

*An homage to old
computer games*

As a kid I really enjoyed playing computer games. The kind where you click and search for clues or do math problems while being chased by monsters. I wanted my site to have that feeling, while exploring the cafe at the same time.
